

## Announcement of IRMA Assessment of the Mogalakwena Mine

ERM CVS announces an independent, third-party assessment of Anglo American's Mogalakwena Platinum Ore Mine in the Limpopo Province, South Africa. The assessment will measure the Mine against the [Initiative for Responsible Mining Assurance](#) (IRMA) [Standard for Responsible Mining](#).

**ERM CVS, an IRMA-approved certification body, will carry out an on-site assessment from:**

**28 November - 5 December 2023**

All stakeholders (community members, workers, and other affected or interested parties) are invited to submit written comments to ERM CVS about the environmental and social performance of the Mogalakwena Mine. Comments should particularly focus on how Mogalakwena Mine's performance compares with the IRMA [Standard for Responsible Mining](#). Stakeholders may also contact ERM CVS if they would like to be interviewed as part of the assessment process. When possible, interviews with local stakeholders will be scheduled to take place during the on-site assessment period and this may be via telephone, video-conference, or in-person.

Please register as a stakeholder to receive more information about the Mogalakwena Mine IRMA assessment as it becomes available. To register, submit questions or comments, or request to be interviewed as part of the assessment process, please contact ERM CVS, details below. Comments will be kept confidential upon request.
